In case you will see this screen, there is a problem, probably there are not permitted characters, or the password is missing or there is not ticked <u>Souhlasim se vseobecnyma podminkama</u> [I agree Terms and conditions].

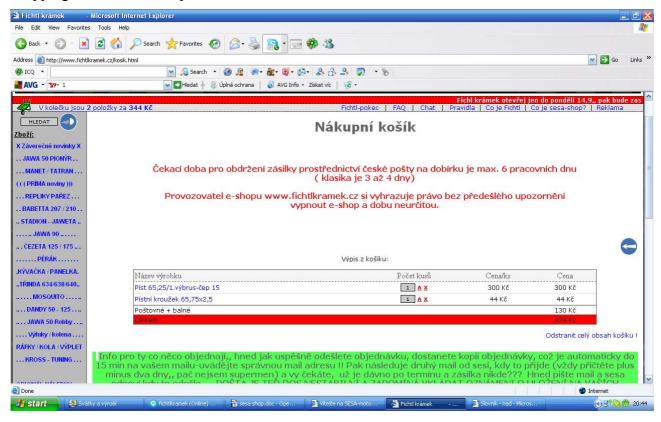

If you see this screen, everything is all right and you can click SEM to continue shopping.

Make your shopping by clicking the green barrow, or type required number of parts in the field left of the barrow (roll your cursor over the barrow) in the field of each part.

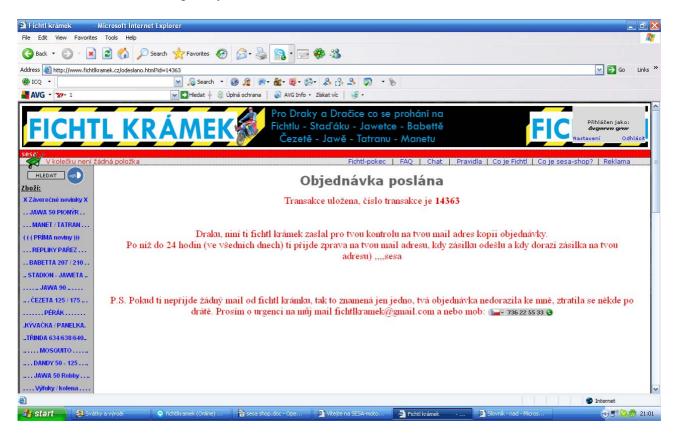

Any time you can click the green barrow in the left top corner of page to see or change your shopping basket or to complete the order.

You can remove any item by clicking red X. Please remember the post fee will be higher than the <u>Poštovné + balné</u> price shown, to send the parcel to other European countries. Click <u>Přistoupit k pokladně</u> [proceed to checkout] at the end of the page, or <u>Pokracuj</u> to continue shopping.

There is similar page again, containing the grey field <u>VZKAZ PRO PRODAVACE SESU</u>. Please type the country of your residence and the currency you prefer to pay. You can choose Euros or Czech crowns [CZK].

Click **OBJEDNEJ** to complete your order.

This page means that your order is sent. It means Sesa will send you bank details soon. Please remember the only one way to make a payment is to send money to Sesa's bank account. Sending parcels abroad is a little complicated, so please be patient. In case you need to translate any Czech word into different languages, please use translator on http://slovnik.seznam.cz/. You should receive an email within 24 hours (weekdays) with a copy of your order for you to check.

P. S. If you do not get mail from Fichtlkrámku, it means only one thing, your order did not arrive to me, or has been lost somewhere along the wire. Please mail reminder on fichtlkramek@gmail.com or my cell phone 736 22 55 33.
